

Chesapeake Women's Care takes your health very seriously. As part of our cancer prevention program, take a minute to think about your first and second degree relatives.

Relatives to consider: Parents, siblings, half-siblings, children, grandparents, grandchildren, aunts, uncles, nieces and nephews on both sides of the family.

Have you or anyone in your family been diagnosed with?

- Breast Cancer
- Colon/ Rectal Cancer
- DCIS
- Endometrial/ Uterine Cancer
- Fallopian Tube Cancer
- Gastric Cancer
- Melanoma (skin)
- Ovarian Cancer
- Pancreatic Cancer
- Peritoneal Cancer
- Prostate Cancer
- Colon Polyps (5 or more)

If you answered "Yes" to any of the above cancers, please scan the bar code with your camera on your phone. You will be taken to a quick hereditary cancer quiz. Please let your health care provider know your results.
