

Due to the overwhelming number of portal message regarding measles, we have prepared this informational message

If you were born **before 1957** you do **not** require measles vaccine.

If you were born **1968 onward and received a measles vaccine**, you received the effective live MMR virus vaccine and are **most likely immune**

If you were **born 1989 onward** you likely received two doses of MMR and are also **most likely immune**.

If you were **born between 1957-1967** you may have received an ineffective vaccine and **may need a booster or blood test to see if you are immune**, unless you have received a booster after 1968.

If you have further questions you may reply to this portal message. Please be advised there may be an associated charge for follow up actions.
