

Greetings from Dr Denise Chevalier, Estelle and Donnell.

After 38 years in practice, we have decided to close The Allergy and Asthma Offices. It has been my sincere pleasure to care for thousands of patients over those years, from infants to seniors, with several multigenerational families. Your trust in our practice has been a great honor.

As of June 1, 2026, we will relocate all patients to Dr. Asek Makia, who I have known for almost 50 years. We met in our Pediatric residency, and trained together in the specialty of Allergy, Asthma and Immunology.

Metro Asthma and Allergy Centers
10274 Lake Arbor Way, suite 201. 1160 Varnum St NE, suite 104
Mitchellville, MD 20721 Washington, DC 20017

Directions:

Maryland office - From the Beltway at Landover Road - 202 South, turn left at Lake Arbor Way (the light after Technology Way where you turn for our present office).

On your left, there is Lake Arbor shopping center. Our office is on the second floor toward the far end of the center, and has an elevator for your convenience. The office is at the end of the hall on the left. There is plenty of free parking.

DC office - This office is in the office building to the rear of Providence Hospital, with free parking.

Our phone numbers will be forwarded to the Maryland office as of June 1, so please call if you have any questions.

We will no longer be associated with Privia, but if you have a portal, you can always retrieve your records. If you would like to set up a portal, please call (301) 773-4100 for more information.

The Maryland Office hours will be 8 AM to 5 PM on Tuesday and Thursday.

- Lunch break is 12 to 1 PM
- Last morning shot is 11:30 AM
- Last evening shot is 30 minutes prior to closing.

Other shot hours are available on Monday, Wednesday and Friday morning in Maryland office.

Since this is a new practice, it will be necessary to have an office visit on the first day you attend. For those of you on allergy shots, please make an appointment for the first visit. We will help to transition your information to Dr. Makia's practice.

Again, thank you for allowing us to care for your and your families' allergy and asthma needs. But most of all, thank you for your many kindnesses and putting your trust in us.
